Instructions for Ring Sizer

1. **Print at 100% Scale:** Click the Print button (or press Ctrl/Cmd + P). In your printer dialog, ensure page scaling is set to **100%** or **"Actual Size"** (do *not* select "Fit to Page" or "Shrink to Fit").
2. **Verify Calibration:** Before cutting, verify scale using the **3 1/2 inches (8.89 cm)** ruler guide above the sizer, or place any standard credit card over the calibration box below.
3. **Cut Sizer & Slit:** Use scissors to cut out the Ring Sizer along the solid outline. Carefully cut along the dotted line marked **"CUT HERE"** to create the slit.
4. **Insert Tab:** Feed the pointed dark triangle tab through the slit from behind, ensuring the printed numbers face outward.
5. **Slip onto Finger:** Place the looped sizer on the desired finger and gently pull the tab until it sits comfortably snug. Ensure it slides comfortably over the knuckle.
6. **Read Your Size:** Read the number aligned closest to the cut slit line. This is your accurate US ring size. If you fall between two sizes, choose the larger half-size.

CREDIT CARD CALIBRATION CHECK

Place standard credit or debit card here

Standard Dimensions: 85.60 mm × 53.98 mm

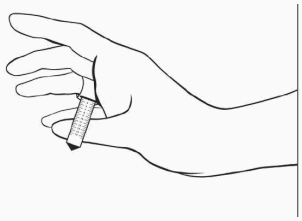

How to ensure 100% accuracy:

Place any standard credit or debit card inside the box to the left. If it matches the width and height, your printer printed at true 1:1 scale without distortion.

Step 4: Thread Tab Through Slit

Numbers face outward; pull triangle through

Step 5: Pull Snug & Read Line

Ensure smooth knuckle clearance for comfort

Expert Sizing Advice from Kleora Gemologists

Time of Day & Temperature: Fingers fluctuate in size throughout the day. Measure in the evening when fingers are at their natural, rested size, and avoid measuring with cold hands.

Knuckle Clearance: If your knuckle is notably wider than the base of your finger, measure both and select a size in between so the ring slides comfortably on and off.

Wide Band Consideration: If purchasing a ring with a band wider than 4 mm (such as eternity bands or statement bands), order **half a size larger** for optimal comfort.

Complimentary Resizing: Every Kleora ring includes one complimentary professional resizing within 30 days of receipt, ensuring complete peace of mind.
